Products and Greenhouse Accessories for
GreenlifeGRO Greenhouses,
Polytunnels and Netting Structures

Welcome to GreenlifeGRO

GreenlifeGRO strives to deliver better crop outcomes, while minimising its environmental impact through less waste and by developing circular economies for sustainable outcomes. GreenlifeGRO offers the highest quality products and solutions for growing produce and plant life today, tomorrow and into the future.

GreenlifeGRO offers:

- Quality Materials
- Superior Customer Service
- In-House Construction Teams
- Globally-Sourced Products

Product Index

Product	Page
1. Cocopeat Coir Substrate - Polygro® Galuku Grow Bags and Blocks	4 - 7
2. Greenhouse and Polytunnel Film	8
3. Polygro® Tunnel Rope	9
4. Polygro SunSTOP® Shade Cloth	10
5. Premium Weed Mat	11

10. Horticultural Twine	18-19
11. Nursery Bench Tables	20-21

Polygro® Galuku GrowBags and EasyFil Planter Bags

Coir grow bags formulated for specific crops and climates.

Hydroponic grow bags are available in a variety of air/water combinations that allow each grower to control the water content on a daily or seasonal basis.

We pre-cut drainage and planting holes, and pre-drill dripper holes according to your requirements. We also offer customised GrowBag sizes.

Strawberry Grow Bags

Code	Item Description	Formula %	Items per Plt	Items per 40'
7185020	Strawberry 16L Grow Bag, 100x20x8cm, 1.8kg	20/80	270	12,960
7185021	Strawberry 20L Grow Bag, 100x20x10cm, 2.2kg	30/70	240	11,520

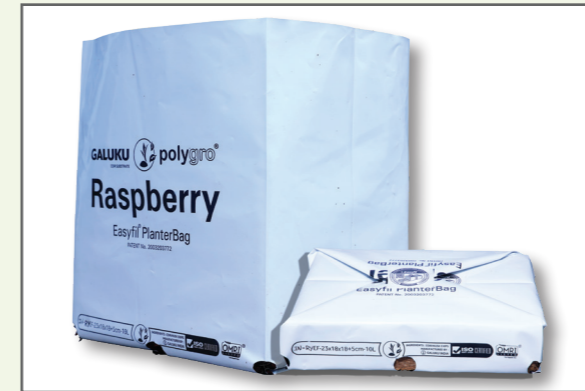

Tomato Grow Bags and EasyFil Planter Bags

Code	Item Description	Formula %	Items per Plt	Items per 40'
7185023	Tomato 15L Grow Bag, 100x15x10cm, 1.6kg	30/70	285	13,680
7185025	Tomato 18L Grow Bag, 100x15x12cm, 1.8kg	30/70	250	12,000
7185030	Tomato 8L EasyFil PlanterBag, 23x18x19cm, 0.85kg	50/50	1,152	27,648

Raspberry EasyFil Planter Bags

Code	Item Description	Formula %	Items per Plt	Items per 40'
7185028	Raspberry 10L EasyFil PlanterBag, 23x18x18+5cm, 1kg	30/70	1,008	24,192
7185029	Raspberry 8L EasyFil PlanterBag, 23x18x19cm, 0.85kg	30/70	1,152	27,648

Cucumber EasyFil Planter Bags

Code	Item Description	Formula %	Items per Plt	Items per 40'
7185032	Cucumber 8L EasyFil PlanterBag, 23x18x19cm, 0.85kg	50/50	1,152	27,648
7185033	Cucumber 6L EasyFil PlanterBag, 18x18x18cm, 0.65kg	30/70	1,152	36,288

Eggplant EasyFil Planter Bags

Code	Item Description	Formula %	Items per Plt	Items per 40'
7185031	Eggplant 8L EasyFil PlanterBag, 23x18x19cm, 1kg	40/60	1,008	24,192

Blueberry EasyFil Planter Bags

Code	Item Description	Formula %	Items per Plt	Items per 40'
7185034	Blueberry 27L EasyFil PlanterBag, 29x29x33cm, 2.7kg	30/70	224	8,960

Coir Weed Mats and Drainage Trays

Code	Item Description	Formula %	Items per Plt	Items per 40'
7185009	Coir Weed Mat Round, 36.5cm Diam, 0.155kg	8mm	2,880	57,600
7175066	Drainage Tray 30 x 30 x 3cm	-	6,480	57,600

Cut to Length Greenhouse and Polytunnel Film

GLG has in-house capability to cut film specifically to your linear meter requirements and ship to your door. We stock greenhouse films in the following widths – 5.5m, 7.5m, 9m, 10m, 11m and 12m, all of which can be processed to your linear meter requirements in our digital re-rolling machine.

In addition to greenhouse film processing, we stock both White and Opaque Gale Pacific Solar Weave and have in-house Welding/Processing, enabling us to fabricate specifically to your requirements.

Code	Item Description
7180042	Greenhouse Film AA Diffused Anti Dust, Anti Drip 200um 7.5m x 700m UV Open
7180043	Greenhouse Film AA Diffused Anti Dust, Anti Drip 200um 9m x 600m UV Open
7180044	Greenhouse Film AA Diffused Anti Dust, Anti Drip 200um 10m x 550m UV Open
7180045	Greenhouse Film AA Diffused Anti Dust, Anti Drip 200um 11m x 500m UV Open
7180046	Greenhouse Film AA Diffused Anti Dust, Anti Drip 200um 12m x 500m UV open
7180047	Greenhouse Film AA Diffused Anti Dust, 180um 5.5m x 75m UV Closed Anti Virus
7180048	Greenhouse Film AA Diffused Anti Dust, 180um 11.2m x 600m 65% DIF Tunnel Film UV Open
7180049	Greenhouse Film AA Diffused Anti Dust, Anti Drip 180um 10.7 x 600m 65% DIF Tunnel Film UV Open
1007	Solarweave 2.05m Natural 185gsm UV Stabilised
1008	Solarweave 2.05m White 185gsm UV Stabilised

Polygro® Tunnel Rope

Polygro® has released a brand new product, designed and based on feedback from growers and tunnel installers. Tunnel film is an expensive commodity, so why waste your money on inferior ropes that aren't designed specifically for skinning film onto tunnels?

- Highly UV stabilised – designed to withstand degradation from direct UV exposure, with an 8 year service life.
- High strength, 6.5mm diameter for extra strength and less chance of losing film in storms
- Low stretch - yarns are pre-stretched for better fit on tunnels, no film slippage, no re-tensioning

Code	Item Description
7190026	Poly Tunnel Rope Black 6.5mm x 400m PP High U.V.

Polygro SunSTOP® Shade Cloth

Polygro SunSTOP® is our commercial grade shade cloth that provides protection from direct sunlight, with shading percentages ranging from 30-70%. SunSTOP® assists in managing light exposure to plants, animals and people by providing uniform shading, regulating temperatures and retaining moisture.

Made from premium knitted HDPE mono-filament with a reinforced edge and button eye holes, our product boasts enhanced durability, high UV-stabilisation and a 10-year, pro-rata UV Warranty.

Polygro SunSTOP® can also be used as privacy screening.

Code	Item Description
7135001	SunSTOP 30%, 90gsm Black, 1.83m x 50m
7135006	SunSTOP 30%, 90gsm Green, 1.83m x 50m
7135008	SunSTOP 30%, 90gsm White, 1.83m x 50m
7135004	SunSTOP 30%, 90gsm Black, 3.66m x 50m
7135007	SunSTOP 30%, 90gsm Green, 3.66m x 50m
7135042	SunSTOP 50%, 196gsm Black, 1.83m x 50m
7135000	SunSTOP 50%, 196gsm Green, 1.83m x 50m
7135012	SunSTOP 50%, 196gsm White, 1.83m x 50m
7135054	SunSTOP 50% 196gsm Black, 2m x 50m No eyelets
7135010	SunSTOP 50%, 196gsm Black, 3.66m x 50m
7135035	SunSTOP 50%, 196gsm Green, 3.66m x 50m
7135055	SunSTOP 50% 196gsm Black 4m x 50m No eyelets
7135052	SunSTOP 70%, 240gsm Black, 2m x 50m
7135053	SunSTOP 70%, 240gsm Black 4m x 50m No eyelets
7135068	SunSTOP 30% 90gsm White 4m x 50m roll
7135066	SunSTOP 50% 170gsm White 4m x 50m roll
7135070	SunSTOP 70% 200gsm White 4m x 50m roll
7135074	SunSTOP 30% 90gsm Black 4m x 50m roll
7135072	SunSTOP 50% 170gsm Black 4m x 50m roll
7135076	SunSTOP 70% 200gsm Black 4m x 50m roll
7135080	SunSTOP 30% 90gsm Green 4m x 50m roll
7135078	SunSTOP 50% 170gsm Green 4m x 50m roll
7135082	SunSTOP 70% 200gsm Green 4m x 50m roll

* Custom-made Shade Cloth covers available, made to order.

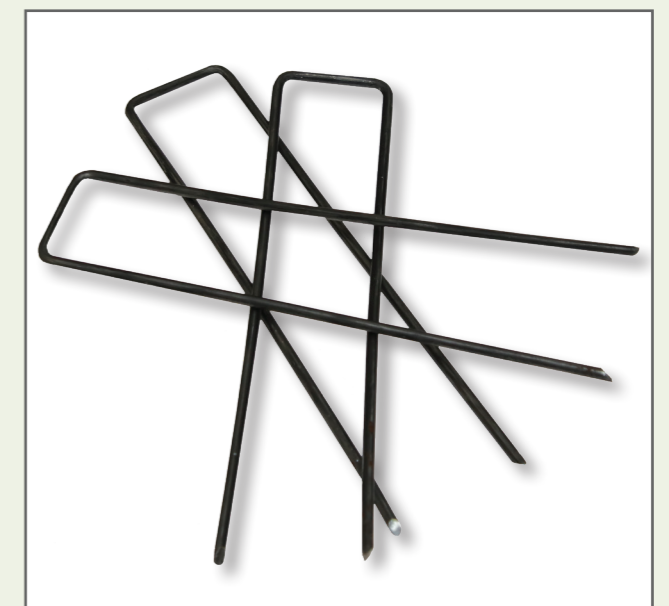

WeedSTOP® Premium Woven Weed Mat

Weed matting protects your crop by stopping the supply of sunlight to unwanted orchard weeds, reducing the need for herbicides. High quality weed mats suppress weed growth, but allow soil drainage to ensure both moisture and run off. In smaller orchards, weed matting can be used in conjunction with mulch.

Polygro WeedSTOP® uses superior technology to manufacture mats of improved strength and quality that absorb sunlight to reduce photosynthesis and prevent weed growth. Our premium weed mat allows for maximum water flow-through, so that as much water as possible stays with the plants, rather than running off and eroding the surrounding soil. Polygro WeedSTOP® mats are environmentally friendly, as they reduce the need for herbicides and other weed controls.

Code	Item Description
7175132	PP Premium WeedStop, 100gsm 915mm x 100m
7155018	PP Premium WeedStop, 100gsm Black, 1.83m x 100m
7155033	PP Premium WeedStop 100gsm Black 3.66m x 100m
7155030	PP Premium WeedStop 100gsm Black 5.25m x 100m
7155066	PP Premium WeedStop/Reflective 100gsm White 5.25m x 100m
7175137	U pins 4mm x 150mm x 150mm (500/box)
7175138	U Pins 4mm x 200mm x 200mm (150/box)

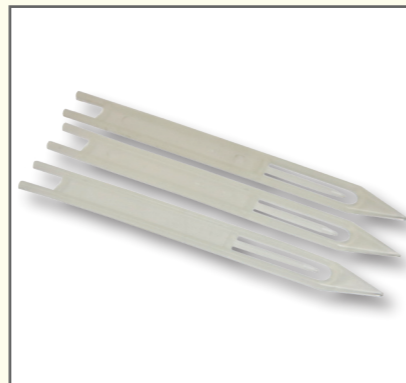

* 500m rolls available in multiple widths.

Netting Accessories

GreenlifeGRO stocks a wide range of netting accessories.

Code	Item Description
7175131	PVC Netting Sleeve 3.15mm x 400mm
7120025	PVC Netting Sleeves 6mm x 400mm
NA12009	PVC Netting Sleeves 7.5mm x 500mm
7125000	Galvanised Splices 3.15mm x 600mm (50 suit/ctn)
7125001	Galvanised Splices 6mm x 1m (50 suit/ctn)
7125002	Galvanised Splices 7.5mm x 1m (50 suit/ctn)
7160001	Galvanised High Tensile Wire 3.15mm x 1000m
7160000	Galvanised Steel Cable 6mm x 1000m
7160003	Galvanised Steel Cable 7.5mm x 1000m
7175001	2.5mm PE repair cord Black x 500m
7175023	2.5mm PE repair cord White x 500m
NA120020	Netting Needle Stainless Steel
7175013	Netting Repair Needle

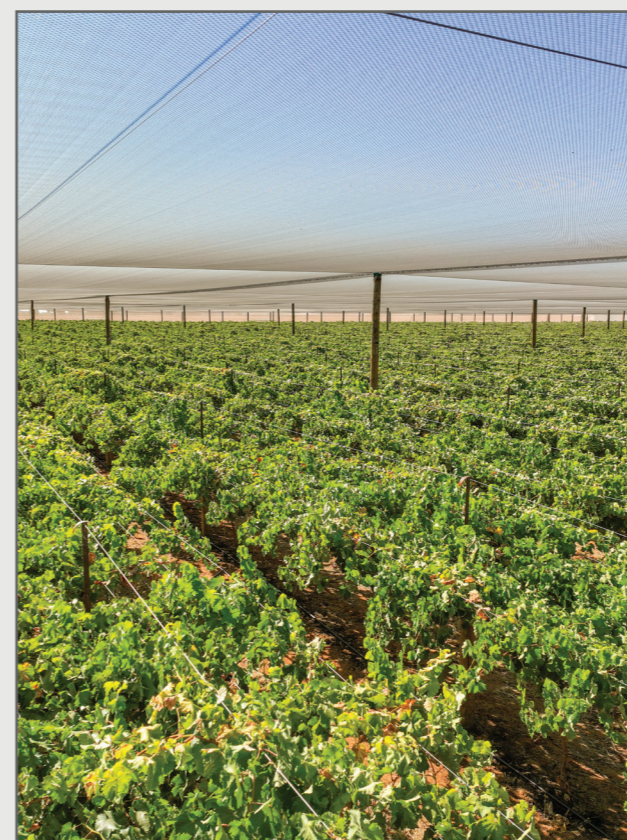

BirdSTOP® Environmentally-Conscious Bird Netting

BirdSTOP® Commercial Bird Nets are manufactured using HDPE yarn for tougher handling and a longer life. Our bird nets are the ideal mesh size structure to repel birds with minimal shading and excellent air circulation.

Polygro's Commercial Bird Nets are simple to install and can be supported by basic post and wire frames, or draped directly over canopy structures. Our netting is UV-stabilised to ensure durability and comes with a 10-year pro-rata UV warranty.

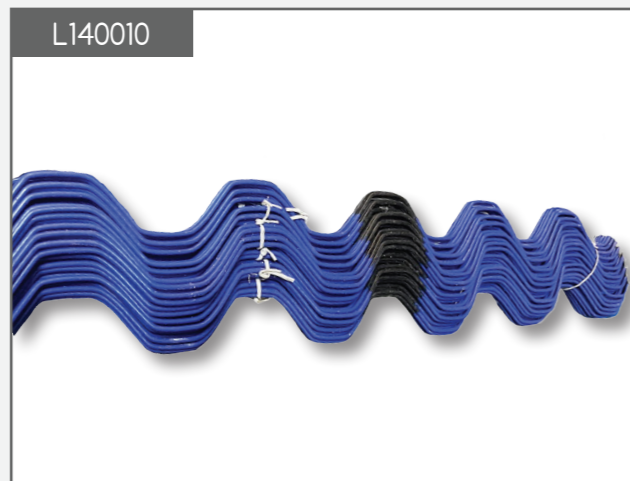

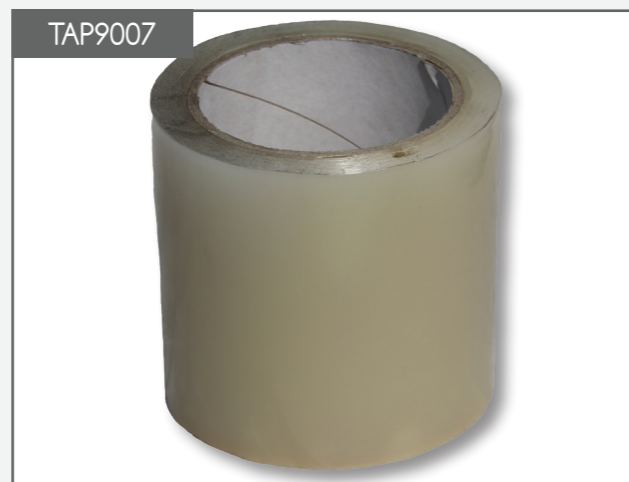

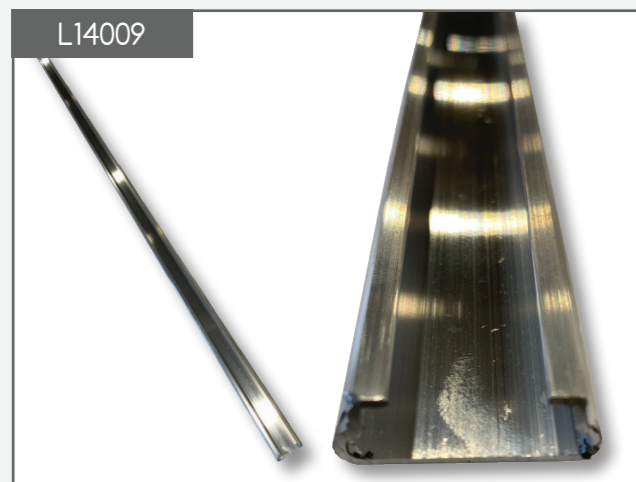

Code	Item Description
7120022	BirdSTOP 15mm, 45gsm, White, 5m x 100m
7120023	BirdSTOP 15mm, 45gsm, Black, 5m x 100m
7120019	BirdSTOP 15mm, 45gsm, White, 10m x 100m
7120020	BirdSTOP 15mm, 45gsm, Black, 10m x 100m
7120029	BirdSTOP 15mm, 52gsm, Black, 15m x 400m
7120026	BirdSTOP 20mm, 52gsm, White, 10m x 350m
7120000	BirdSTOP 20mm, 52gsm, White, 13m x 350m
7120037	BirdSTOP 20mm, 52gsm, Black, 13m x 350m
7120003	BirdSTOP 20mm, 52gsm, White, 15m x 350m
7120004	BirdSTOP 20mm, 52gsm, Black, 15m x 350m
7120002	BirdSTOP 20mm, 52gsm, Grey, 15m x 350m
7120047	BirdSTOP 20mm, 52gsm, Black, 20m x 300m
7120095	BirdSTOP Home Gardener Diamond Prepack Netting 45gsm 5mm 5m x 5m

Greenhouse Accessories

GreenlifeGRO supplies and installs a wide range of greenhouse accessories.

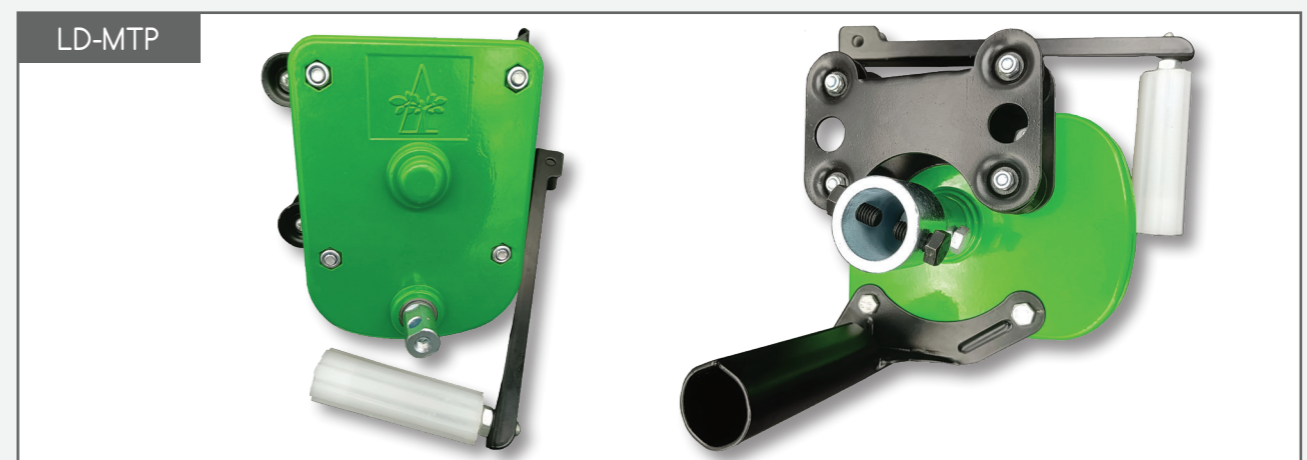

Code	Item Description
L14009	4m Aluminium Channel
TAP9007	Solar Weave Repair tape (clear)
L140010	Wiggle Wire
TAP9004	Frame Guard Tape
F22003	Circulation Fan ZLF J500 22v 350w
F22004	Exhaust Fan FLC-ZL 1000C

Greenhouse Accessories

GreenlifeGRO stocks a wide range of greenhouse accessories.

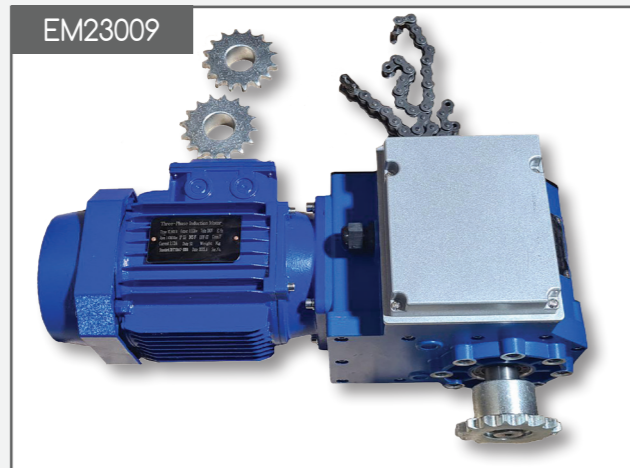

Code	Item Description
EM23003	Electric Rollup Motor Unit 24v 60w
MCB220V	Electric Rollup Motor Unit AC220V / 60W
EM23008	Creeper LD-A-25
MW13004	Pipe Clips - 25mm (Film Hoop)
MW13005	Pipe Clips - 32mm (Film hoop)
LD-MTP	Manual Winch

Greenhouse Accessories

GreenlifeGRO supplies and installs a wide range of Greenhouse accessories.

Code	Item Description
MW13001	Marine Winch 3:1
RPG24001	Pinion Type A LD-KL-001 32mm (Ventilation Pinion A Type 32mm Copper sleeve 30mm rack height)
RPG24002	Rack - 1050mm (Ventilation rack 1050mm)
RPG24003	Rack - 1250mm (Straight rack 1250mm L x 30mm H – Incl Teeth & 3mm thick suit pinion)
EM230091	Gulwing Motor - LD-R37 .37kw – (LDR-R37 Reducer 3 phase 400N.m Torque chain & sprocket 500:1 R/S)
EM230092	Gulwing Motor - LD-R55 .55kw (LDR-R55 3 Phase 800N.m Torque with chain & sprocket)
EM23009	Gulwing Motor – LD-R75 .75kw gullwing motor
7175130	Hail Links (Poly Links)
TSB25002	Twin Skin Blower (Blower FLC-LCF/140A)

HortPod Greenhouse Kits

These Australian-made Greenhouse kits are designed to help protect your valuable plants from wind, hail, sun damage, birds and pests. Locally designed and Australian-made, this sturdy, 4x4x3m steel-frame greenhouse kit is an easy self-build for rural property owners and comes with detailed instructions and a 'how-to' build it video. Made to last, HortPod roofing is a coated, UV-stabilised woven plastic and ventilation walls are industrial-strength reinforced shade cloth. Protect your beautiful produce in a beautiful, practical growing space. Product specialists can advise on site selection and preparation.

Code	Item Description
HORTPOD	HortPod Greenhouse Kit

A Long History in Twine

GreenlifeGRO's heritage in twine dates back to 1970 and has constantly evolved through innovation. As a long-time leader in the production and distribution of twines, we have always striven to provide products of the highest quality and adapt to our customers' requirements. We provide growers with high-quality twines for horticultural applications, including greenhouse crop support and trellising. GreenlifeGRO's twines are consistent, reliable and meet the highest standards for horticultural use.

Code	Item Description
7152001	Bio Twine Green Hops 3800m outdoor 40kg
7152002	Bio Twine White Hops 5600m Indoor 30kg
7150005	Trellis Twine Blue 2000m/spool (2 spools/pack)
7150006	Trellis Twine Pink 2000m/spool (2 spools/pack)
7150009	Trellis Twine Black 2000m/Spool (2 spools/Pack)
7150007	Green Growers Twine (Cucumber) 12,500m Black Multi End coil 50 ends x 250m
7150004	Polygro (Tomato) Growers Twine Green 50 ends x 80m

EarthTwine: Bio-Degradable, Compostable, Made in NZ

GreenlifeGRO supports growers who wish to move away from a 'buy > use> dispose' approach, to adopting more sustainable practices that help lessen the impact of plastic on the environment.

Our products are made from plant-based polymers and biomaterials and have been developed with local growers, to ensure that each product meets the standards and expectations of the industry. EarthTwine will fully decompose in a composting environment, leaving no harmful residues in the process. It breaks down into water, CO2 and biomass.

Polygro® Trellis Twine

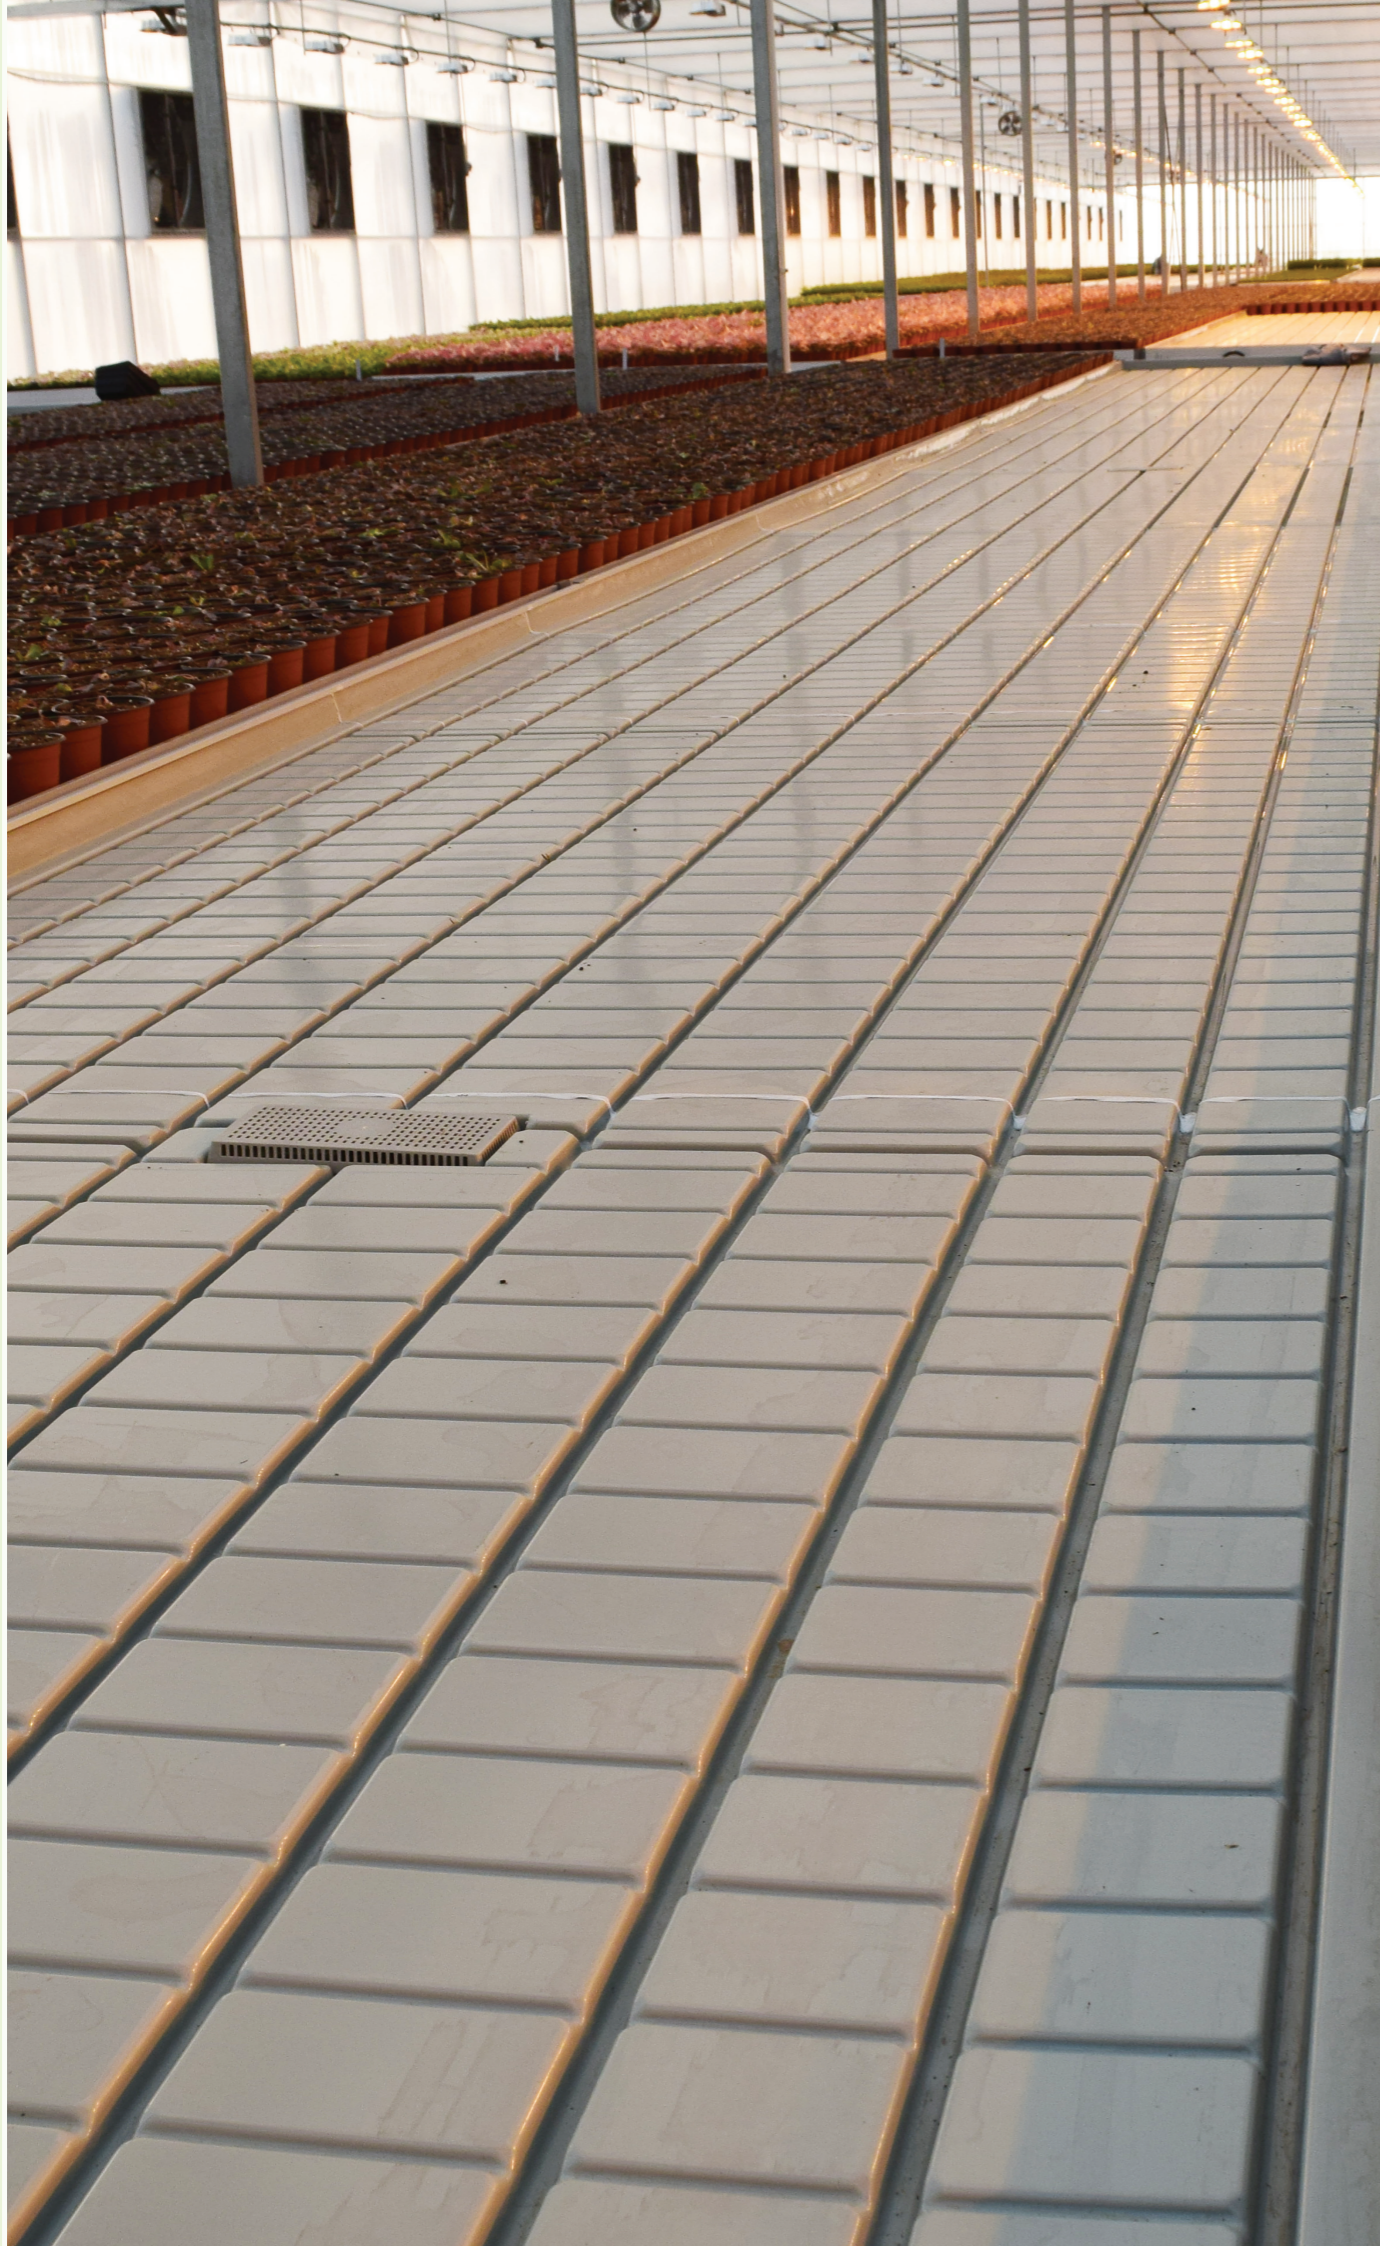

Polygro® Trellis Twine is a high-strength, highly UV-resistant polypropylene twine that has been specifically designed for crop trellis support. Polygro's Trellis Twine provides peace of mind that plants will be supported on trellis systems for their entire life cycle.

Polygro® Grower's Twine

Polygro® Grower's Twine is a high-strength, highly UV-resistant polypropylene twine that has been specifically designed for cucumber crop support. Polygro® Grower's Twine provides the convenience of multi-ended coil that allows 50 twines to be cut to specific lengths at the same time, decreasing labour costs.

EBB and Flow Rolling Bench Table

The hydroponic Ebb and Flow system uses pumps and a large water reservoir to periodically flood the plant roots with nutrients and water. An easy growing method is using a large, plastic tote to contain the nutrient solution, with the plants sitting in a deep tray on top of the reservoir. The nutrient solution is pumped into the tray from the water reservoir below, which is then allowed to drain back into the reservoir.

Specifications

Width (ft)	3/4/5/6ft, or as per requirements
Length (ft)	Customised to requirements
Height (ft)	2.4ft (73cm) - can adjust by 8-10cm
Flood Tray	ABS Flood Tray, 7cm high x 5cm deep, 3mm thick
Move Distance	25-30cm each side
Material	Aluminium Alloy Frames and Hot Dip Galvanised Leg

Wire Rolling Bench Table

Specifications

Width (ft)	3/4/5/6ft, or as per requirements
Length (ft)	Customised to requirements
Height (ft)	2.4ft (73cm) - can adjust by 8-10cm
Wire Diameter	3mm x 3mm, 3.2mm x 3.5mm, 4mm x 3mm
Mesh Size	120mm x 25mm, 130mm x 30mm, 125mm x 50mm, 50mm x 50mm
Material	Aluminium Alloy Frames and Hot Dip Galvanised Leg
Top Option	Wire Mesh/Expanded Wire

Why Choose Us?

Australian owned and operated, GreenlifeGRO™ delivers global horticultural products and protected cropping solutions. We design, manufacture, install and maintain our own greenhouses, netting and shade structures, as well as distributing market-leading Horticultural products, enhancing grower efficiencies and fit for purpose outcomes.

1 Quality Materials

When selecting a greenhouse, netting structure provider or any horticultural product, it's crucial to consider the quality of materials used. Industry-standard materials that are tear-resistant, UV-resistant, and regulate temperature and humidity levels guarantee the longevity of the structure, providing a stable environment for plants to thrive. We also guarantee compliance with local regulations for safety and quality assurance.

2 We are Here for You

As a provider of horticultural products and services, we understand the importance of delivering exceptional customer service. Our team is not only knowledgeable about our products and services, but also about industry best practices. From selecting the right materials to the installation process, we are dedicated to providing personalised support every step of the way, to provide quality service and products that help you grow and succeed.

3 In-house Construction Teams

Our in-house construction teams are renowned for their exceptional craftsmanship, reliability and efficiency. We employ highly skilled and experienced professionals, committed to delivering outstanding quality and attention to detail. From planning to execution, our teams work efficiently and safely to ensure projects are completed on time and within budget. We take pride in our ability to bring your vision to life and exceed your expectations.

4 Global Products

Our carefully curated products are truly worldly, and we supply our customers with the finest quality materials from around the globe. Our products are sourced from trusted suppliers and manufacturers who share our commitment to excellence, making them truly unique. We are proud to offer a wide range of global products that will add value to your business, with the goal to Shield and Yield.
